SILVER CIRCLE PRODUCTS™

CONNECTING PLANTS AND PEOPLE

2026 CATALOG

UNIQUE GARDENER®

BY NATURE TOYS®

Thank you for your interest in Silver Circle Products and our unique and special products. These evergreen creations are proven year-round best-selling items year after year. This is because the eye-catching packaging of our growing kits sparks and encourages the customers' interest in the natural world around them. Once a person cares for a plant, they care about plants.

At SCP, we have decades of experience and knowledge in sprouting seeds and growing plants. We offer the widest selection of exotic and unusual seeds across a variety of price points. Our two consumer brands, Unique Gardener and Toys By Nature resonate with many different kinds of customers. The result is reliably good sales for our resellers.

We ship quickly and accurately from our domestic warehouse. We assemble every item in the USA and try to source as many parts of every product as we can in the USA. We offer a variety of counter displays. We can also do private label, co-branded, and custom items to make your vision a reality with reasonable MOQ's

Unique Gardener creates a range of high-quality glass terrariums for gardening novices to master gardeners. Our terrariums make fantastic gifts for gardeners of all ages, year-round. The elegant, high-quality glass terrariums add a touch of beauty and class to any space. We have a number of great selling lines, including the wildly popular Tiny Terrariums, MossBowl, WaterPlants, Classic Glass, and Seed Squares! Our spring seed starting kits' unusual and delectable varieties of vegetables and fruits are complimented by our reusable windowsill greenhouses and pots. We also have a number of other seasonal items that make great gifts throughout the year including the I Love You Bean and the Perfect Pine.

We purchase seed from dozens of sources to make sure that only the best and freshest seed is used in our kits. Each individual variety is selected after a rigorous testing process and picked for its uniqueness, hardiness, and long-term viability. Unique Gardener sells the widest variety of unusual and tropical specimens, including Venus Fly Traps, Aloe, Sedum, Cacti, Madagascar Palms, Dioons, Palms, and many more!

All of the seeds in our kits are guaranteed to grow. Our growing gurus are available to assist aspiring and proven green thumbs with any questions or issues they may have.

MADE IN USA

Many of our items are 100% made, assembled, and shipped from our warehouse in the USA. In addition, most of the parts and components are also made in the USA. We try to make as much as we can in the United States and are proud of the economic impact we are creating in the United States. It is also one of the reasons we can ship so quickly.

Connecting people with plants and nature has always been our mission and all of our items are a great way to foster that bond. It is the experience of sprouting and nurturing plants from seeds that we are selling, not just the implements to do it. So much value is in that journey and we hope you discover all the breath-taking botanical creations in the following pages.

All our kits come with everything required, all one needs to add is water! We offer an amazingly wide and unmatched variety of fun and unusual specimens that are quick to sprout and easy to grow.

Toys By Nature®

Nature has always been the base inspiration for our creations, so creating toys that highlight that nature and the natural world around us just comes naturally! Our engaging terrariums foster a meaningful connection between the plants and the kids sprouting and caring for them that then extends to encompass the environment as a whole.

We make fun and fanciful themed terrariums that stimulate both a love for plants and the imagination! Different unusual, easy to grow varieties of seeds are paired with popular themes such as Dinosaurs, Fairies, Dragons, or Princesses to create whimsical themed gardens. They are completed with unique high-quality accessories and decorations. Kits may include color stakes, decals, semi-precious stones, miniature animals, accents stones, and more! The plants will thrive and entertain for years in the included terrariums.

Some of our best selling lines include the Biosphere terrariums, Micro Domes, Dinosaur Plant, and Moving Plant. Be sure to check out the all new Wave Terrariums!

Our excitement around plants is contagious and will inspire the next generation of plant enthusiasts! They are a breeze to care for and all kits have easy to follow, clear sprouting and growing instructions. We also have excellent consumer support to answer any questions and help new growers on their botanical journey!

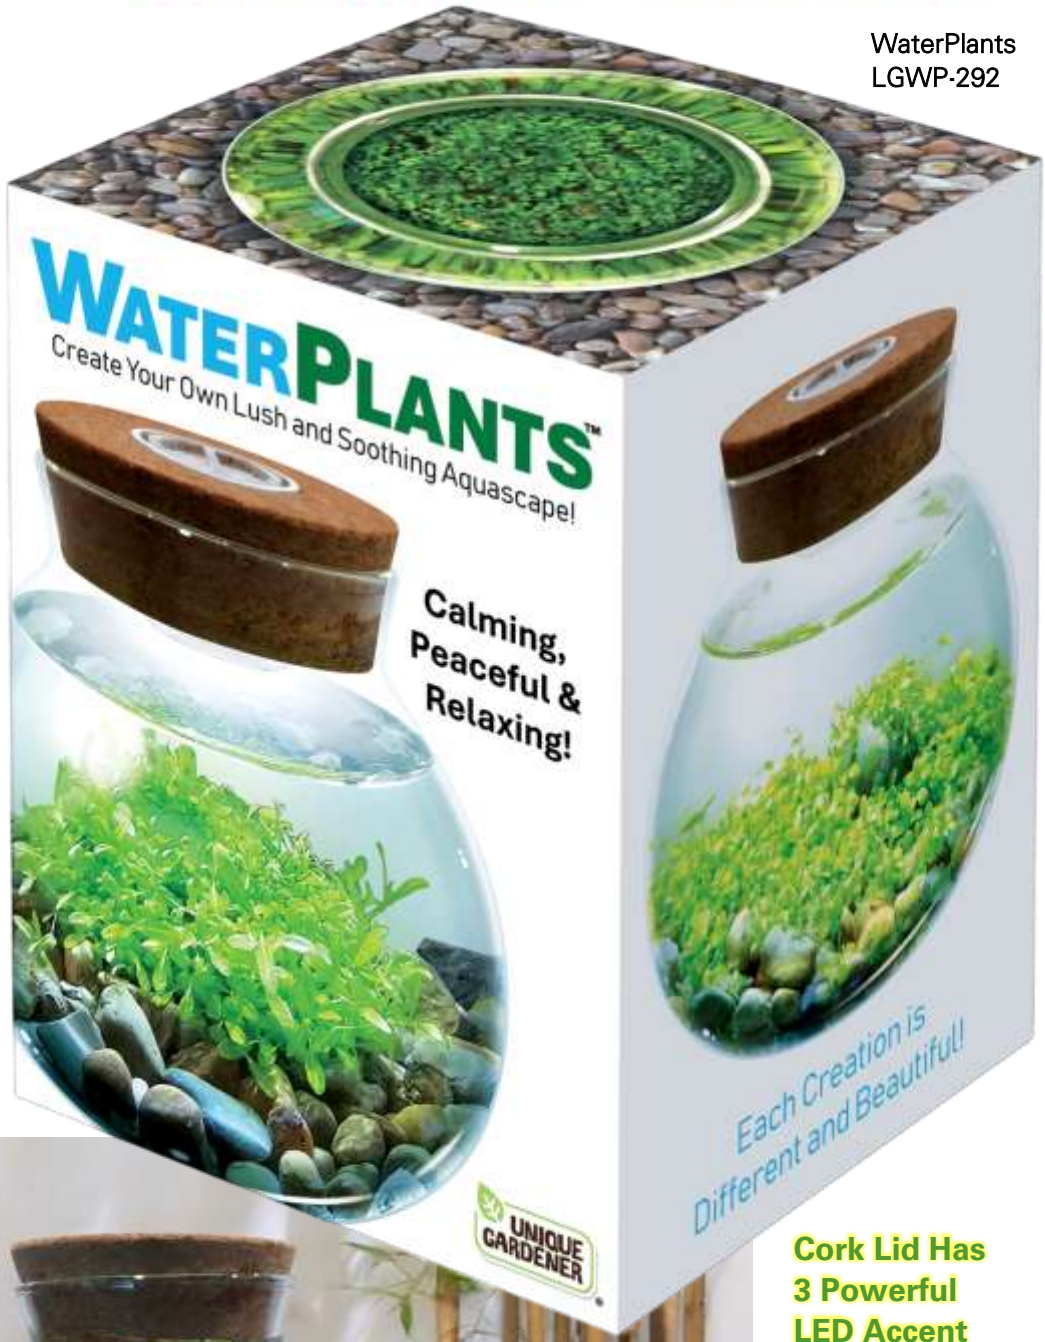
WaterPlants™

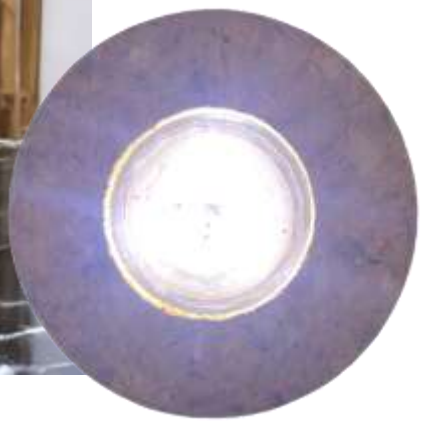
WaterPlants
LGWP-292

Transform any space with a stunning, self-sustaining Aquascape using our innovative kit. Grow some of the world's smallest aquatic plants that will thrive on the included gravel, accent stone, or both. The star of this aquascape, Water Jade, not only adds vibrant greenery but also removes nitrates from the water, helping prevent algae growth. For added ambiance, the cork top features three bright LED accent lights to beautifully illuminate your aquatic creation. Once planted, these fascinating plants thrive in the included terrarium with almost no care or maintenance, offering years of enjoyment for your customers.

Packaging Dimensions:
4.6" x 4.5" x 6"



Cork Lid Has 3 Powerful LED Accent Lights-
Batteries Included!



Mini WaterPlant Counter Display CMBW-912

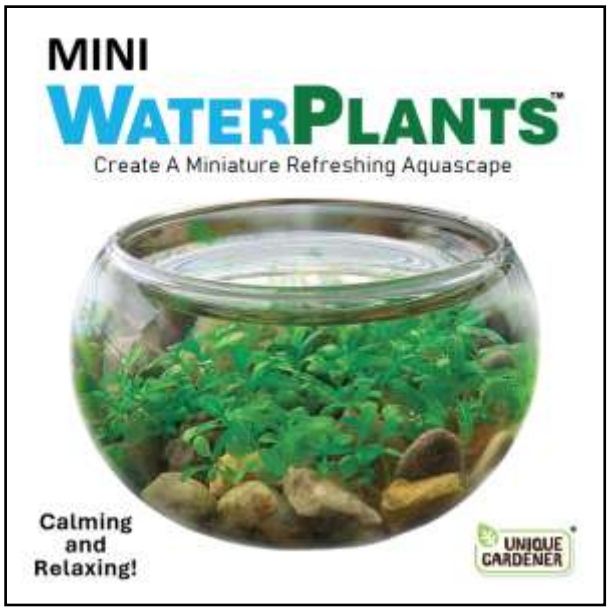
Create your own miniature unique and vibrant Aquascape. Grow some of the smallest aquatic plants in the world. These carefree plants will grow on the gravel, accent stone, or both!

Water Jade sprouts in 1-2 weeks and is very low maintenance. It is relaxing and calming to grow.

The complete kit comes with all you need– just add water! Free 24 piece Counter display with color sign included.

Fantastic Impulse Item!

Display Dimensions:
8.25" x 7.5" x 5.5"
(10" tall with sign on)



Mini WaterPlants, MBWP-310

Packaging Dimensions:
2.75" x 1.75" x 2.75"

MOSSBOWL™

MossBowl
LGMB-290

Offer your customers the calming experience of creating their own Moss Garden, a lush and low-maintenance addition to any indoor space. This kit allows users to effortlessly grow three different types of moss, complete with river gravel and accent stones for a natural look. Mosses are incredibly resilient, adaptable, and easy to grow, requiring minimal care while purifying the air and reducing stress. The handmade, high-quality glass planter is designed to maintain the perfect micro-climate, while the cork top features three bright LED accent lights to illuminate the display. This nearly self-sustaining terrarium will thrive for years, providing a beautiful and low-effort solution for your customers' indoor gardening needs.

Packaging Dimensions:
6.4." x 4.75" x 5.6"

Instantly Beautiful and Inspiring!

Each Creation is Unique and Special!

Contains 3 Live Different Mosses!

A Collection of Fascinating Plants to Grow!

Galaxy Garden, WTGG-633

Our Wave Terrariums facilitate a unique and special growing experience in the carefully designed and crafted contoured terrarium. Grow 3 kinds of live moss and a lichen in a miniature Bonsai Garden, complete with a decorative bridge and pergola! Grow over 15 kinds of spacy succulents with Glowing Rocks and an Alien Egg Stone! Finally, sprout 2 kinds of robust and east to grow aquatic seeds (Large Leaf Water Jade, and Fine Sea Grass) and create your own Freshwater Oasis, finished with included accent stones, decorative pet turtle and gecko. Yes, you can add a small fish and/or snail. Complete each scene with the full back translucent decal! Each of these exciting sets are guaranteed to grow and come complete with everything you need-just add water!

Bonsai Garden, WTBM-631

Packaging Dimensions:

CDTP-909

Lil' Bucket of Love, TPBL-296

Pail of Peace, TPPC-294

Pail of Sunshine, TPSF-297

Plant seeds of Happiness, Love, and Peace with our charming tin pail garden creations! Each high-quality galvanized mini pail includes everything you need to grow Forget-Me-Nots, Succulents, or Dwarf Sunflowers—just add water! Inside, you'll find a colorful seed packet, a compressed soil disk, and easy instructions to make planting fun and simple. These delightful plants are perfect for beginners and can be transplanted into larger planters or your garden once they've sprouted. Whether as a thoughtful gift or a personal touch of greenery, these mini gardens bring joy and beauty to any space.

Crystal Glass Garden, OGCG-205

Mini Fairy Triad, OGMF-201

Wildflower Blooms, OGWG-203

Mini Desert Collection, OGMD-202

Flytrap Garden, OGFT-204

Introduce timeless elegance to your store with our Flagship Collection of Glass Terrariums, featuring five captivating options. Choose from three flowering varieties, as well as unique Cacti and Flytrap options. Crafted from premium, crystal-clear glass, these terrariums showcase the classic spherical design with a flat, stable base to ensure they remain securely in place. Ideal for customers seeking both beauty and simplicity, this collection highlights the enduring appeal of glass terrariums, offering a variety of stunning plants that bring life and style to any space. Perfect for retailers looking to offer versatile, eye-catching indoor garden solutions.

Packaging Dimensions:
6.5" x 6.5" x 6.5"

Succulent Star Plant Mouse, MSSS-273

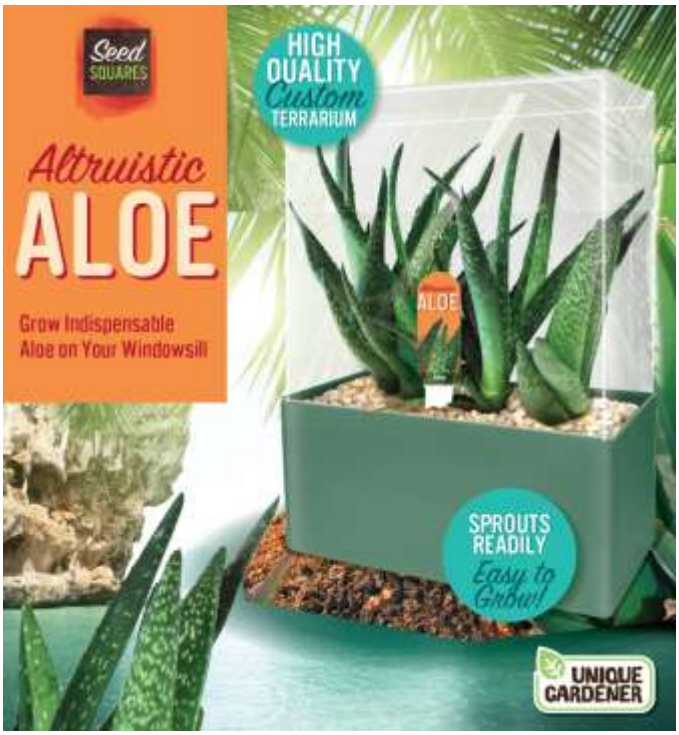
Flowering Mouse, MSSG-271

Meat-Eating Mouse, MSSM-272

Desert Mouse, MSCC-270

Packaging Dimensions: 5.7" x 3.5" x 4.4"

Introduce a playful and unique offering to your store with Mouse Gardens, named for the clever shape of their terrariums, resembling either a large computer mouse or a small house mouse.



Altruistic Aloe, SQAA-392

Fascinating Flytraps, SQFF-391

Packaging Dimensions: 5.75" x 3" x 6.5"

These stackable planters are designed with high-quality, injection-molded construction, offering durability and style. Their unique design allows them to serve not only as practical seed starters but also as elegant pedestals once the top is removed. Proudly crafted in the USA.

Packaging Dimensions:
4.7" x 3.9" x 9.7"

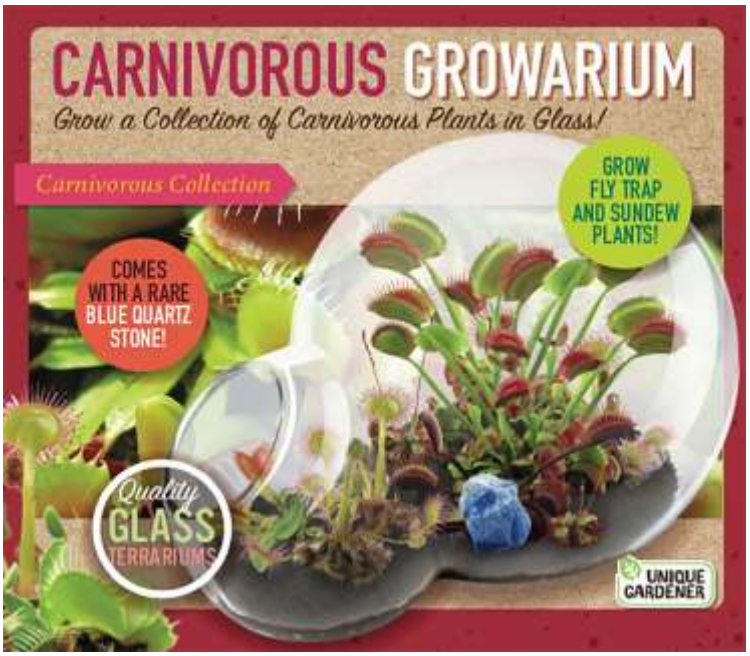
Stunning Sedum, CCSE-262

Cacti Collection, CCCC-261

Superb Succulents, CCSS-260

Perfect Palms, CCPP-263

Enhance your product offerings with our Carefree Capsules—perfect for retailers seeking low-maintenance, stylish plant solutions. Each high-quality glass capsule is designed to house resilient botanical varieties like succulents, sedum, and palm trees, thriving with minimal care. These versatile capsules can be suspended or displayed on any surface, making them an attractive option for customers looking for easy-to-maintain greenery. Pre-packaged with everything needed, these capsules only require water, offering a no-fuss way for consumers to bring natural beauty into their space.



Carnivorous Growarium, TGCG-222

Desert Escape Growarium, TGDE-221

Elevate your plant offerings with Growariums, a beautifully engineered terrarium system designed to support a wide range of small plants, from exotic carnivorous species to hardy cacti and succulents. These glass terrariums feature a unique two sphere design: the primary enclosed sphere creates a lush, humid environment ideal for seedling growth, while the secondary perforated sphere ensures proper airflow for balanced plant development. This innovative design merges both form and function, providing an optimal growing environment. Ideal for retailers seeking premium, high-performance terrariums that offer customers an engaging and efficient way to cultivate botanical wonders.

Despite their small 1.5" size, these terrariums are far from ordinary. They feature a flat bottom surface, ensuring they won't roll away, and can be placed almost anywhere that receives bright light. The combination of small plants, including cacti, carnivorous, flowering varieties, and sedums with this compact container creates the ideal conditions for natural bonsai growth. Your plants will flourish and thrive for years within these tiny, self-contained ecosystems.

Watermelon, SSSS-326

Cucumbers, SSSC-328

Tomatoes, SSBT-329

Sunflowers, SSDS-325

Strawberries, SSSE-321

Peanuts, SSPP-323

Our Sprouters provide an easy way to start a variety of fruits, vegetables, and flowers indoors, even while snow is still on the ground. These reusable, mini greenhouses are designed for early seed growth and allow for successful transplanting into larger pots or gardens once the frost has passed. Perfect for both classic crops and unique varieties, Sprouters give your customers a head start on their garden, making them a practical, season-proof solution for retailers looking to offer reliable and reusable gardening products.

Packaging Dimensions:
9" x 4.5" x 6"

Hot Peppers, PIPC-353

Green Beans, PIGB-351

Packaging Dimensions:
4" x 3.5" x 3.5"

Sweet Basil, PISB-352

Grape Tomatoes, PICT-354

Give your customers a head start on their garden with these Herb and Vegetable Starter Kits, perfect for starting seeds indoors during cold months. Each kit includes biodegradable coconut coir pots, allowing for easy transplanting directly into the garden or a larger pot once the weather warms up. Unlike typical peat-based pots, these coir pots are more durable, supporting longer indoor growth while still breaking down naturally in the soil. These kits provide an eco-friendly, convenient solution for anyone looking to seamlessly transition their plants from indoors to outdoors.

Seed Stone Display, CDSS-913

New Counter Display
5 of Each Kind!

The seeds are encased in protective clay that shields them from birds, critters, and insects while sealing in moisture to ensure successful germination. Simply scatter them in pots, gardens, or borders to create a colorful, thriving landscape with minimal effort.

Packaging Dimensions: 3.7" x 3.8" x 9.5"

CDLB-908

Display Dimensions:
17.5" x 12.5" x 10.5"

Our I Love You Bean Kits make a unique and memorable gift for special occasions like Mother's Day, Valentine's Day, and birthdays. Each kit contains a bean that sprouts with "I Love You" engraved on its first leaves, creating a magical moment for the recipient. These beans sprout in just five days and grow into edible lima bean plants. Easy to grow and complete with everything needed—just add water. We also offer custom laser-engraved beans with MOQ requirements.

Perfect Pine,
TPCT-298

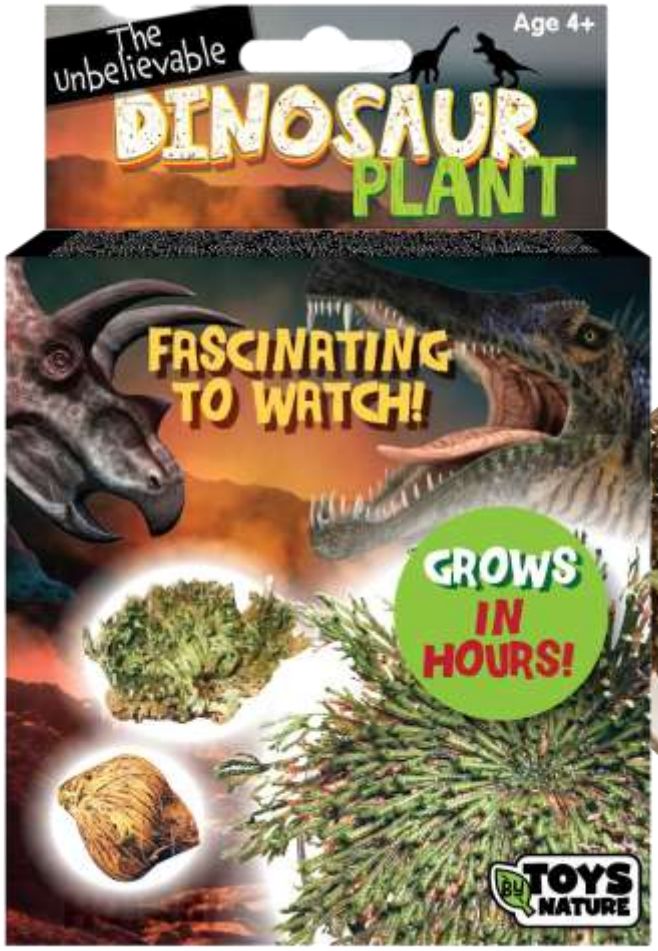
Meet your new botanical companion with our charming Micro Domes! Each kit features a uniquely named plant, complete with a colorful plant stake and a whimsical polka dot Jasper Stone to create the perfect little home for your new green friend. These delightful domes offer a fun and easy way to cultivate your very own plant buddy, adding a touch of personality and nature to any space. Ideal for retailers looking for engaging and giftable plant kits that appeal to both kids and adults alike.



Grows in 1 Day!

Dinosaur Plant, DPDB-20
Packaging Dimensions:
3.9" x 2.3" x 5.5"

The fastest growing plant on the planet is the Dinosaur Plant, also known as the Resurrection Plant. When you place these ancient plants in a bowl of water, they use their unique vascular root structure to quickly intake the water. They will open up and turn green in hours! Let them drink all the water, dry out and they will eventually return to a dormant state. You can let them hibernate for up to 50 years and they will still spring back to life in hours when placed in water!

Packaging Dimensions:
9" x 4.5" x 6"

Moving Plant, SSAM-322

Watch in compete amazement as the Moving Plant actually moves. When we say move, we really mean it! The leaves pull in and the branches fold down when the leaves are touched, the plant is put in a colder place, or in dwindling light. They will even move when exposed to loud noise!

Grows Up To 1 Foot a Month!

Bananas, SSBB-324

Why settle for the norm, when you can grow the unusual and exotic! Watch your banana soar to heights of six feet within its first year! Bananas are easy, fun, and rewarding to grow. While the smaller bananas your plant will produce will not look like what you are used to at the store, they are sweet and tasty! The banana is actually not classified as a tree, but rather is considered to be the world's largest herb!

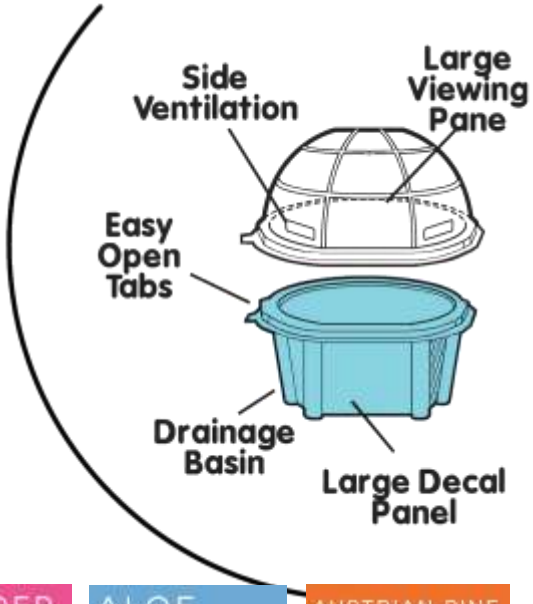
Eco Plant Pals: The Ultimate Green Impulse! These are not just fantastic impulse buys but also the easiest path to green-thumb success. Featuring our best-selling botanical varieties, these plants are not only a breeze to nurture but also a joy to watch thrive.

Products Designed for the Ultimate Consumer Experience!

Our products are designed to facilitate the best result and overall experience. Our Mini Domes, Biospheres, and Sprouters have small side vents to provide side ventilation and a built-in drainage mechanism that will help turn small sprouts into sturdy seedlings. The double sphere terrarium is particularly conducive to growing plants as it allows for side air flow, while maintaining a humid and moist microclimate in which seedlings and plants thrive.

Our kits contain semi-precious, collectible stones such as Jasper, Rose Quartz, Selenite Roses, captivating Peacock Ore, Gold Tiger Eye, Metallic Calcite and many more. All these naturally occurring stones are beautiful and greatly enhance the aesthetics of the final product. The instructions are clear and easy to follow.



The Largest Variety of Exotic and Unusual Seeds Available Anywhere!

In terms of plant selection, we are second to none and sell a variety of exotic and rare varieties of tropical, carnivorous, cacti and succulents, herbs, fruit, flower, and vegetable seeds in our kits. We created a stunning array of informative and complimentary color seed packs. Our elegant seed packs are as beautiful as they are informative and are color coded by the type of plants they contain. Only a small portion of our collection is pictured above.
